GTO ACTIVATES ON-LINE AUTHORIZED SERVICE CENTER LOCATOR

Professional Installers Can Now Quickly Find A GTO/PRO or Mighty Mule Service Center

Tallahassee, Fla. – Mar. 20, 2006 – GTO, the makers of the GTO/PRO professional series and Mighty Mule do-it-yourself swing and slide gate openers, has activated on-line Authorized Service Center locator.

The easy to use locator can be reached by going to www.gtoinc.com and clicking on the “tech support” tab and then clicking on “Contact your local [GTO Authorized Service Center](#).”

“We activated this service to make it convenient for our do-it-yourself Mighty Mule customers and GTO/PRO professionally installed customers to quickly find the GTO Authorized Service Center nearest to them,” said Brad Hollis, GTO director of sales. “These service centers have highly qualified technicians ready to install a new GTO operator or diagnose and repair any problem with an existing system.”

In most cases the authorized service centers are also outlets for the complete line of GTO swing gate operators and access controls.

GTO/PRO gate operators and access controls can be found through dealers across the United States and around the world. For a dealer near you or more information about GTO/PRO, go to www.gtopro.com or call GTO, Inc at (800) 543-GATE.

About GTO

Founded in 1987, GTO, Inc. is an American manufacturer and leading provider of turnkey access control system solutions for residential, commercial and industrial applications. GTO/PRO manufactures and distributes automatic gate operators and accessories for single and dual chain link, farm tube, panel, vinyl aluminum, wood and ornamental wrought iron fence gates to the professional installer market throughout the world.

Editor’s note: high quality photos of the GTO/PRO series of automatic swing gate openers [and accessories](#) are available via e-mail.
