NEW WEB SITE FOR GTO's MIGHTY MULE® DRIVEWAY & WALK THROUGH GATES

GTO, Inc. Announces New Mighty Mule® DIY Gates Web Site.

Tallahassee, Fla. – July 20, 2009 – GTO, Inc. recently introduced a new web site for the Mighty Mule® Decorative Steel Driveway and Walk Through Gates. (www.mightymulegates.com <<http://www.mightymulegates.com>>) Mighty Mule Gates can also be found on the Mightymule.com web site. “The Mighty Mule DIY Gate web site was designed to give DIY customers the tools needed to make a well informed buying decision on Decorative Driveway and Walk Through Gates that are affordable and come in a complete kit,” said Kevin Peaden, Vice President of Sales. The web site reflects GTO’s continued commitment to providing complete product solutions for the DIY access control customer with the highest quality and the most reliable customer service in the Do-It-Yourself retail market.

“The new Mighty Mule DIY Decorative Gate Site was developed to make it easy for customers to shop for Gates and is loaded with many tips that make the job of installing a Driveway or Walk Through Gate and Automatic Gate Opener system easy,” said Brian Campbell, IT Director. From this site the customer can easily chose a gate and gate automation system from one location. In addition to including information on the complete Mighty Mule® DIY Gate product line, the site is easy to navigate and provides installation instructions (print manuals and watch videos), media galleries, and a national store locator for DIY customers to find where they can purchase these products.

GTO’s Mighty Mule® is America’s #1 Do-It-Yourself Automatic Gate Opener and Gate provider and can be found worldwide in home centers, agricultural and hardware supply stores as well as their online stores.

GTO, Inc., established 1987, is a leading U.S. based manufacturer of both professional and DIY Gate Operators and Access Controls for rural, urban, commercial and industrial environments. GTO, Inc. is a solely owned subsidiary of Nortek, Inc. under the HTG Group. Their brands include: GTO/PRO®, GTO ACCESS Systems®, Mighty Mule®, and Mighty Mule DIY EZ Gates®.
